

A RESOLUTION OF THE MAYOR AND COUNCIL
OF THE CITY OF HEBRON, NEBRASKA:

WHEREAS, the City of Hebron recognizes the physical and mental benefits of all forms of exercise:

WHEREAS, the medical community has recognized walking as one of the most accessible forms of exercise for the greatest number of people:

WHEREAS, the state and federal Departments of Health and Human Services, through Public Health Solutions, in conjunction with the members of the greater Hebron community, are actively pursuing ways to encourage and increase walking/biking as a favorite exercise and/or form of transportation of citizens of Hebron, and,

WHEREAS, Community stakeholders attending a summit on November 8, 2015 are asking Hebron's leadership to support policies and create streets and sidewalks that support a walk/bike friendly community;

NOW THEREFORE BE IT RESOLVED THAT THE MAYOR AND CITY COUNCIL OF THE CITY OF HEBRON, NEBRASKA, support these efforts to enhance the physical well-being of our citizens and encourage the active participation of all people living and working in the greater Hebron area.

CONNECTING WITH FRIENDS & FAMILY IS SIMPLE - JUST...

DONATIONS

If you would like to make a donation to support this community-driven effort, please send a check to:

The City of Hebron c/o Thayer County Walking Coalition.
329 Lincoln Ave
Hebron, NE 68370

WHO ARE WE?

We are the Thayer County Walking Coalition! We are a group of local citizens working to create a safe and connected trail system to serve all people who live, work, and play in the community. Whether people walk or ride, by the river, downtown, or to the community center, our community is a place that engages families in living the good life.

- We believe walking and biking are easy and effective ways to be active while increasing overall health and wellbeing.

- We want our community members to be able to safely walk and bike throughout the community instead of driving short distances from place to place.

WHY TRAILS?

Connected sidewalks, trails and safe streets create environments that support an active lifestyle. With that foundation in place, walking is a great next step. And it's simple. Just Step and Repeat.

I would like to receive updates on this and future projects.
